Education

Degree	Year	Institute	CGPA/%
M.Tech IT	2024–2026	Netaji Subhas University of Technology (NSUT)	8.11
B.Tech CSE	2019–2023	Dr. Akhilesh Das Gupta Institute of Professional Studies (GGSIPU)	8.99
CBSE Class XII	2018	Little Flowers Public Sr. Sec. School	88.6%
CBSE Class X	2016	Little Flowers Public Sr. Sec. School	10.0

Experience

Flutter Developer Intern
Jun 2026 – Sep 2026

Deus Creation — *Karol Bagh, Delhi*

- Developed a cross-platform team management application, **TaskMind OS**, using **Flutter** and **Riverpod** for state management, enabling team leaders to assign tasks, set deadlines, manage clients, and track updates.
- Implemented new features and maintained the application throughout the internship, integrating with the team's **Laravel 12** backend and ensuring continued functionality and stability.

Software Development Engineer Intern
Aug 2025 – Nov 2025

Rivigo (Mahindra Logistics) — *Gurugram, Haryana*

- Developed backend microservices using **Java** and **Spring Boot**, contributing to feature enhancements and maintenance of production applications.
- Debugged production issues using **Kubernetes**, **Kibana**, and **Git**, improving application reliability while collaborating in an Agile development environment.

Projects

SongCatcher.io
GitHub

Tech Stack: Flutter, Firebase, Riverpod, Cloud Firestore, iTunes API

- Developing a cross-platform multiplayer music guessing game with real-time game rooms and synchronized gameplay.
- Integrated Firebase Authentication, Firestore, and the iTunes API to support leaderboards, daily challenges, and dynamic song retrieval.

Flutter Migrator
GitHub

Tech Stack: Flutter, Provider, FastAPI, PostgreSQL, Supabase, OpenAI API/Gemini API

- Built an AI-assisted platform for migrating legacy Flutter projects to Dart 3.x using deterministic rules and LLM-based code transformations.
- Developed a FastAPI backend with PostgreSQL and Supabase to manage projects, authentication, and migration history.

Blood Buddy
GitHub

Tech Stack: Flutter, Firebase, Provider

- Built a Flutter application connecting blood donors with patients using Firebase Authentication and Cloud Firestore.
- Implemented real-time donor availability updates and an intuitive mobile interface for emergency blood requests.

Achievements & Certifications

- Completed Career Essentials in Software Development Cerification, by Microsoft and LinkedIn.
- Completed Flutter Essential Training Cerification, by LinkedIn Learning.

- Published a research paper at NECRAST- 2020 on an e-commerce platform for farmers aimed at reducing dependence on intermediaries.
- Completed Flutter & Dart – The Complete Guide by Maximilian Schwarzmüller (Udemy, 2024).
- Ranked among the **Top 5 teams** in the national **e-Yantra Online Hackathon**.
- Participated in the **Skillenza 24-hour Hackathon**, gaining practical experience in collaborative software development.

Leadership & Responsibilities

Teaching Assistant (GATE Scholarship) Aug 2024 – Aug 2025

Netaji Subhas University of Technology *Delhi*

- Conducted tutorials, laboratory sessions, and evaluation for undergraduate students.
- Mentored students in programming, Data Structures, Algorithms, and problem-solving techniques.

Co-Leader Oct 2021 – Aug 2023

GitHub Hack Club, ADGIPS *Delhi*

- Founded and managed the college GitHub Hack Club community.
- Organized Hacktoberfest events, coding workshops, technical talks, and quiz competitions.
- Collaborated with students to encourage open-source contributions and software development practices.

Student Hustler Lead Sep 2019 – Dec 2020

Skillenza

- Organized webinars, technical sessions, and student engagement activities across multiple colleges.
- Developed leadership, communication, and event management skills while coordinating student communities.

Technical Skills

Languages: Java, C++, Dart, SQL

Frameworks: Spring Boot, Flutter, Firebase

Databases: PostgreSQL, MySQL, Cloud Firestore, Supabase

Cloud & DevOps: Docker, Git, GitHub, Postman

Backend: REST APIs, Microservices, Authentication, JSON, API Integration

Tools: VS Code, Android Studio
